Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Saturday 05 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Fine and dry with outbreaks of rain overnight.

Today:
After a bright start for many, it will be a dry day with plenty of sunny spells. It will gradually turn cloudier from the west through the afternoon. Feeling pleasantly warm in the sunshine. Maximum temperature 23 deg C (73 deg F).

Tonight:
Cloud will continue to thicken this evening as a band of light rain moves across the region overnight and into dawn. Winds remaining light. Minimum temperature 10 deg C (50 deg F).

Sunday:
A rather cloudy day with outbreaks of light rain and drizzle. Rain will turn more showery later and continue overnight. Feeling less warm than of late. Maximum temperature 22 deg C (72 deg F).

Outlook for Monday to Wednesday:
A mixture of sunny spells and scattered showers on Monday. Showers could turn heavy and thundery at times. Drier with sunny intervals on Tuesday and Wednesday. Warm in the sunshine.
